4"	4" EASYFit™		400	400

• Use reciprocating saw with a specialty cast iron cutting blade (available from your local building materials supplier)

• Oil frequently while cutting, low RPM (go slowly). See video on website at WWW.LIFETIME TOOL.COM

INSTALLS INTO PIPE

SQUARE LOCK SNOW GUARDS

LIFETIME'S PATENTED ANGLED SET SCREWS HELP PREVENT PANEL DAMAGE

STRONGER

Made of Almag 35, (aluminum/magnesium) a pure certified aircraft alloy that does not corrode. Its incredible elongation makes it super strong. PLUS it provides a superior substrate for coating or painting: available in Mill and Kynar® finishes.

FASTER

Patented Angled Set Screws make the installation faster and prevent panel damage.

BETTER

The set screw forms an I-Beam Structure in the patented square pocket for incredible hold!

For Double Lock Standing Seam

Part #	Slot Size	Gauge
LT200	.200" = 3/16"	24-30 ga.
LT300	.300" = 1/4"	20-24 ga.

AVAILABLE IN MILL OR A FACTORY APPLIED & WARRANTED KYNAR® FINISH

MATTE BLACK	HARTFORD GREEN	DEEP RED	DARK BRONZE	CHARCOAL GRAY
MANSARD BROWN	SLATE GRAY	MEDIUM BRONZE	FOREST GREEN	COLONIAL RED
