LIFETIME TOOL® & BUILDING PRODUCTS LLC

FINEST QUALITY ROOFING COMPONENTS

Happy New Year!

What will the New Year bring for Lifetime Tool?

Ultimate Pipe Flashing® for Metal Roofing Panels

Do you love the Ultimate Pipe Flashing® and also install Metal Roofs? We have some great news for you!

We will be releasing an Ultimate Pipe Flashing® specifically engineered and designed for metal panels. The new Ultimate Pipe Flashing® for metal roofing will feature various colors to choose from as well as a primed version for any custom color. The Ultimate Pipe Flashing® for metal roofs will feature all of the same premium quality elements that our shingle version offers, such as a 100% Pure Silicone Boot, 24g Galvanized Kynar® plate, PVC locking collar and the ability to accommodate pitch up to 18/12. As always, it will be the only flashing that will permanently stop water intrusion around the pipe flashing on either shingle roofs and now metal roofs, too!

As always, all of our parts are 100% manufactured in the USA and each Lifetime Tool® roofing component is hand inspected for quality!

Lifetime Tool® is pleased to announce new stocking distributors for the month of December:

- MacArthur Co - Pasco, WA
- Riverhead Building Supply - Oceanside, NY (Opening early 2022)

If you would like to find a stocking distributor near you, please visit the Distributor Store Locator on our website or by clicking here [Distributor Store Locator](#)
