Ultimate Pipe Flashing® for Metal Panels - Primed Version

Ultimate Pipe Flashing® for Metal Roofing Panels

The new Ultimate Pipe Flashing® for metal roofing will feature various colors to choose from as well as a primed version for any custom color. The Ultimate Pipe Flashing® for metal roofs will feature all of the same premium quality elements that our shingle version offers, such as a 100% Pure Silicone Boot, 24g Galvanized Kynar® plate, PVC locking collar and the ability to accommodate pitch up to 18/12. As always, it will be the only flashing that will permanently stop water intrusion around the pipe flashing on either shingle roofs and now metal roofs, too!

All of our parts are 100% manufactured in the USA and each Lifetime Tool® roofing component is hand inspected for quality!
