**Don't forget to submit your
Bad Flashing Photo
for your chance to win a
Lifetime Tool® t-shirt**

send your photo to:
sales@lifetimetool.com

Ultimate Pipe Flashing®

Many pipe flashings are made of plastic and untreated metal. Over a short period of time, natural elements will break down the boot, leaving cracks. Rust will eventually form and dissolve the plate. **The result...a LEAK.** Our Ultimate Pipe Flashing® uses 100% pure silicone for its boot to protect against both heat and harmful UV rays. When combined with our 24GA Kynar® coated base plate...you have a pipe flashing that exceeds every shingle

warranty currently offered on the market today.

Why install a pipe flashing that doesn't at least match the shingle warranty?

Distributor Spotlight
