We want to thank Austin Hamon of [CedarTech](#) located in Portland, OR for sharing this photo showing the recent install of our **Ultimate Pipe Flashing®**. We always appreciate your feedback, thank you again Austin for your support.

*"To build the best roofing system, Ultimate Pipe Jack Flashing is a key component of our roofing process. When installing a new roof, whether it's a 30- or 50-year limited lifetime warranty roof, we want the components and accessories to last the life of the roof. With pipe flashings being a huge contributor to leaks, why would you go with anything else!"*

Nothing shows recognition and support, more than a roof install that includes our **Lifetime Tool®** roofing components. To learn more about [CedarTech](#) click on the link below.
