

LT SQUARELOCK™

US PATENT 8898961 B1

AVAILABLE IN MILL OR KYNAR® FINISH - 10 COLORS

Dark Bronze	Matte Black	Colonial Red	Deep Red	Medium Bronze
Forest Green	Hartford Green	Charcoal Gray	Slate Gray	Mansard Brown

Designed by the Founder of Real Tool® Snow Guards.

- Angled set screws help prevent panel damage.
- The set screws form an I-Beam structure in the patented square pocket for an incredible hold!
- Oval point stainless steel set screws help protect the seam from damage.
- Made from Almag 35, a pure certified aircraft alloy. Its incredible elongation makes it super strong.
- Available in mill finish or 10 factory applied Kynar® colors.
- Made in USA.

AP SNOW GUARD

Designed by the Founder of Real Tool® Snow Guards.

- Designed to fit many architectural profiles to .5 inch.
- Made from Almag 35, a pure certified aircraft alloy. Its incredible elongation makes it super strong.
- Custom-made stainless steel concave and convex opposing set screws provide superior attachment.
- Available in mill finish (stock) or call for special order Kynar® colors.
- Made in USA.

LIFETIME ROOF SYSTEM COMPONENTS

THE ULTIMATE PIPE FLASHING®

FOR METAL ROOFS

US PATENTS D662230, 8484914B2

AVAILABLE IN 1 KYNAR® FINISH & PRIMER

Dark
Bronze

Primer

The **Ultimate Pipe Flashing®** is made from ultra-pure silicone. Just like sand, it is made from silica and is 100% stable in the sun. Most of all, it's about the patented design.

- The proprietary compression collar makes a watertight seal for the life of the roof and accommodates for thermal movement.
- Size specific to Schedule 40 PVC, ABS, and some Iron Pipe. Copper & Cast Iron must use the **EASYSleeve®** or **EASYFit™**.
- Flat to very steep slopes (18/12+).
- Built to truly last the life of the roof.

THE ULTIMATE BATH/DRYER VENT

FOR METAL ROOFS

US PATENTS D934409 10,927,550

- Removable cap for service.
- Rubber damper cushions for quieter operation.
- Removable snap-in stainless steel screen (for bath venting **ONLY**).
- For use with 3" and 4" pipe, drop pipe and adapter included.
- Even the black oxide screws are stainless steel, for a lifetime of easy cap removal.
- Built to truly last the life of the roof.

AVAILABLE IN 5 KYNAR® FINISHES & PRIMER

Dark
Bronze

Matte

Hartford
Green

Slate
Gray

Primer

The 24 ga galvanized metal Kynar® clad cap is locked onto a high temperature ASA polymer sub-cap for exceptional strength and impact and the radiused interior is designed for optimum air flow. Angled ASA interior structure allows for condensation drainage and protection from wind-driven rain. The substrate's built-in wind walls, weep holes, and rubber damper cushions provide for quieter operation.
