AVAILABLE IN DARK BRONZE KYNAR® OR MARINE GRADE STAINLESS

AVAILABLE IN DARK BRONZE KYNAR® OR PRIMER

UPF FOR METAL ROOFS

ALL OUR PRODUCTS ARE MANUFACTURED IN THE USA

THE ULTIMATE PIPE FLASHING®

MADE FROM ULTRA-PURE SILICONE, JUST LIKE SAND, IT'S MADE FROM SILICA AND IS 100% STABLE IN THE SUN. MOST OF ALL, IT'S ALL ABOUT ITS PATENTED DESIGN.

"Silicone is virtually unaffected by weather - rain, snow, humidity, ozone or the sun's damaging ultraviolet (UV) rays"

We help you invent the future. www.lifetime.com

- The proprietary compression collar makes a watertight seal for the life of the roof and accommodates for thermal movement.
- The large Kynar® galv. plate allows for a truly proper install, 4" sides, 5 1/2" up the roof.
- Flat to very steep slopes (18/12+).
- Guaranteed watertight for the life of the roof. See website for details.
- Also available in marine grade 316L stainless steel for extreme coastal environments.

The Ultimate Pipe Flashing® is size specific for PVC, ABS and some galvanized pipe. For Copper and Cast Iron, you must use the EASYSleeve® or EASYFit™.

PVC PIPE SIZING FOR THE ULTIMATE PIPE FLASHING®

PVC-ABS-IP	O.D.	ULTIMATE PIPE FLASHING®
1 1/4" PVC	1.66"	125
1 1/2" PVC	1.90"	150
2" PVC	2.375"	200
3" PVC	3.50"	300
4" PVC	4.50"	400

EASYFit™

US Patent 9,228,689 B1

CUT TO THE DESIRED HEIGHT
TAP IN STRUCTURAL CAP
NO GLUE REQUIRED

FOR 3" AND 4" CAST IRON PIPE

Cast iron's inherently irregular surface along with corrosion and residual repairs often make it very difficult to properly seal.

INSTALL A NEW PIPE IN TEN MINUTES!
See website for details.

- Patented Technology
- Acrylic Laminated PVC for Color Retention and Strength
- Compression Fit No-Glue Cap Makes for Exceptional Strength
- 3 Flexible Seal Rings for Fit and Function

EASYSleeve®

US Patent 8,984,822 B1

CUT! DROP! GO!

CAST IRON			COPPER		
CAST IRON ALL TYPES	EASYSleeve®	ULTIMATE PIPE FLASHING®	COPPER	EASYSleeve®	ULTIMATE PIPE FLASHING®
			1 1/4" 1 1/2"	150	150
1 1/2"	200	200	2"	200	200
2"	300	300	3"	300	300
3"	400	400	4"	400	400

NOTE: 2" EASYSleeve® has both a cap for cast iron on one end and a cap for copper on the other. Choose correct cap & cut to length.

For 3" radon pipe (schedule 30) you must use this adapter for the UPF

30/40 ADAPTER

Easily retrofits Sch. 30 (Radon) to Sch. 40 PVC

SQUARE LOCK SNOW GUARDS

US Patent 8,988,961 B1

FROM THE FOUNDER OF REAL TOOL® SNOW GUARDS AND ALL THINGS SCREWED TO A METAL ROOF SEAM.

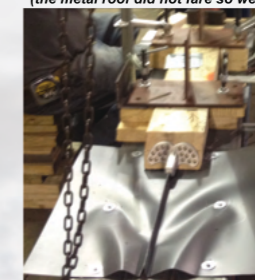

UNLIKE OTHERS IT'S 100% AMERICAN MADE
GO AHEAD AND CRANK IT YOU'RE NOT GOING TO BREAK IT!

- Angled set screws help prevent panel damage.
- The set screws form an I-Beam structure in the patented square pocket for an incredible hold!
- Oval point stainless steel set screws help protect the seam from damage.
- Made from Almag 35, a pure certified aircraft alloy. Its incredible elongation makes it super strong.

FASTER • STRONGER • BETTER

The SquareLock™ easily withstands more than 4150 lbs. of force (the metal roof did not fare so well)

Independent testing performed by Farabaugh Engineering and Testing, Inc.

AVAILABLE IN MILL OR KYNAR® FINISH - 10 COLORS

Dark Bronze	Matte Black	Colonial Red	Deep Red
Forest Green	Hartford Green	Charcoal Gray	Slate Gray
Medium Bronze	Mansard Brown		

AP SNOW GUARDS

FOR SEAMS 1 1/2" TALL PLUS

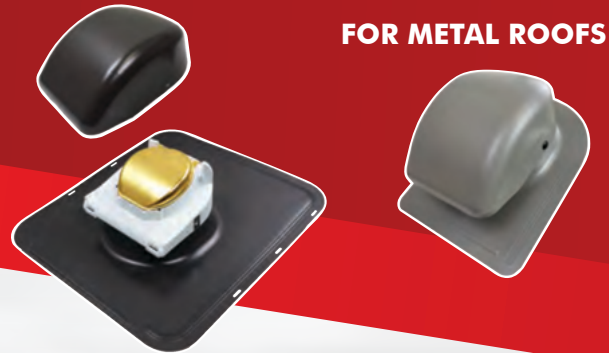

AP 400	.416" = 3/8"
AP 500	.516" = 1/2"

- Designed to fit many architectural profiles up to 0.5 inch.
- Made from Almag 35, a pure certified aircraft alloy, that has incredible elongation which makes it super strong.
- Custom-made stainless steel concave and convex opposing set screws provide superior attachment.
- Available in mill finish (stock) or call for special order Kynar® colors.

LIFETIMETOOL.COM 877-904-1002

THE ULTIMATE BATH/DRYER VENT

US PATENTS D934,409 S 10,927,550 B1

FOR METAL ROOFS

FOR SHINGLE ROOFS

✓ **110 MPH** WIND DRIVEN
RAIN TEST

Independent testing performed by Farabaugh
Engineering and Testing, Inc.

✓ **GUARANTEED WEATHER
