## INDUSTRY SPOTLIGHT

This month's Industry Spotlight is [Nextgen Roofing](#) based in Westfield,

Massachusetts.

Nextgen Roofing is proud to be a GAF Master Elite Contractor. As a top-rated Massachusetts/northern Connecticut roofer, NextGen Roofing has made it a point to be experts in the field and continually push themselves to learn more every year.

"We chose to align with Lifetime Tool®'s Ultimate Pipe Flashing® and Ultimate Bath/Dryer Vent because traditional pipe boots often fail within 15 years of roof installation. As GAF Master Elite installers committed to quality, we install 50-year roof systems. It only makes sense to use products that can match this longevity. Who wants to replace a perfectly good roof just to fix a failed boot? With Lifetime Tool®'s products, we ensure durability and longevity for our customers' roofs."

Thank you to Brian Vigneault, Project Manager, and Nextgen Roofing for their support of Lifetime Tool® & Building Products and for using our lifetime roof system components.
